Online discussion rubric

Within modules 0-3 there will be “interaction” assignments where you are to discuss the topics that have been studied. The discussion points are given for the entire module’s efforts. For example, Module 1 has 4 activities in which you need to interact with your team members. The online discussion is worth 40 points for that module and so it would essentially be 10 points for each of the activities.

The **10 points** will be awarded as follows:

**4 points** – Entries show a good understanding of the concept. Connections are made to prior learning. Good detail is presented to support positions taken.

**4 points** – Timeliness. Posts are made by the established deadline.

**2 points** – Thoughtful responses given in to team members’ thoughts.
