May 2011

Foundations of American Education Students:

As Dean of the School of Education I am excited about the opportunity you have to complete part of your education requirements through this online Foundations of American Education course.

This is the first semester that we have taught the course in the new online format and I am very eager to hear any feedback you may have regarding the course.

Reflection in teaching is a very important skill for all teachers and so any suggestions that you would care to share about this course and its materials would be greatly appreciated and very beneficial as we strive to continually make it even better.

Please take a minute and share your feelings and experiences so far with this course with me. Clicking on this link Briant.Farnsworth@uvu.edu will allow you to send an email to me with your thoughts.

Sincerely,

[Signature]
